

Job/career fair (giełda pracy)

Data publikacji: 29.09.2019 Data modyfikacji: 29.09.2019 Departament Rynku Pracy MRPiPS

This is a form of a direct contact of an employer with many candidates for the job, selected by the Office employee from among people registered in the Office to obtain candidates meeting the requirements of a given employer to work.

The job/career fair (giełda pracy) can be organised when an employer announces an offer for many vacancies for one position or several positions or there are more people registered in the Office meeting the requirements stipulated by the employer. The Office can organise the exchange also for an employer who wants to meet more candidates on the appointed date and not to wait for every candidate separately.

The information on the organised job/career fair (giełda pracy)s is published on [CBOP](#) website in the tab called "Calendar of fairs, exchanges and training sessions".

Please remember! Referral to the job offer within a job/career fair (giełda pracy) is another opportunity for you to find a job.

Unjustified refusal to participate in the job/career fair (giełda pracy) when you fulfill the offer requirements and this is an appropriate job offer for you results in crossing you off the register of the unemployed.
